

TAVAZIVA

VIDEO STAGE DESIGNER REQUIRED

Contemporary African dance company, Tavaziva is looking for a Designer to collaborate with and create the visual stage design for a live dance production using Green Hippo and in particular, Notch technology software.

We will create an immersive theatrical piece depicting an abstracted story for live performance titled *BOY'S KHAYA*.

The Designer needs to have an understanding of the Notch, Green Hippo and Qlab systems as well as visual design for theatre.

Working with Artistic Director, Bawren Tavaziva, Creative Producer, Beth Cinamon and the production team, you will design the visual representation of the ideas in association with all the partners.

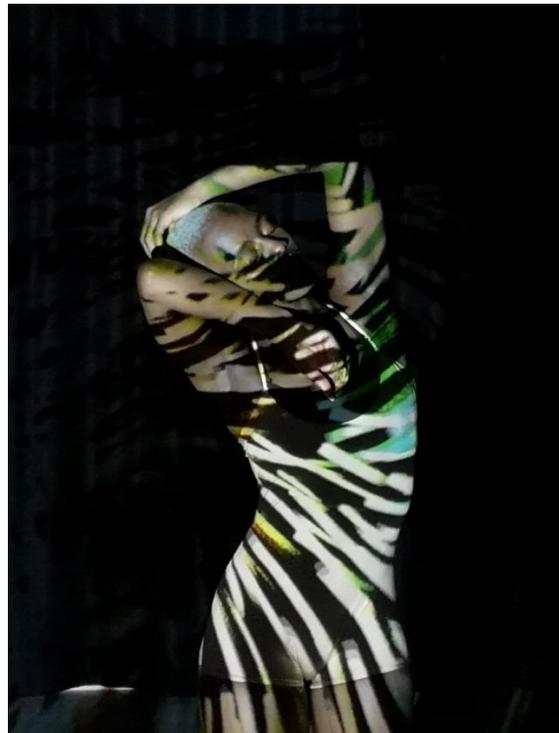

Initial R&D will begin in Jan 2019 with further R&D periods currently planned in autumn 2019 ahead of the production's premiere in April 2020.

This role also offers the possibility of touring with Tavaziva as Video and Motion Capture Technician (from April 2020).

Design fee: In the region of £1,000 depending on experience

To express your interest in the project please send your CV detailing your experience and any examples of your work to getintouch@tavaziavdance.com
